I, _____ do hereby certify that I am the owner of the property located at _____, I further certify that all electrical work under Permit# # _____ has been or will be completed by me. I agree that, in the event that I have someone help me with the electrical system, he or she will be a licensed electrical contractor with the Spencer County Planning, Zoning and Building Code Enforcement. I further agree to notify the Spencer County Office of Planning, Zoning and Building Code Enforcement if I hire someone to perform the electrical work or if I have assistance in performing the electrical work.

I understand that, should I not perform the work, entirely on my own, the work will not be inspected by the Spencer County Electrical Inspector and that my service will not be approved for connection to the applicable utility company until such time as the licensed electrical contractor makes application and receives a permit for this work.
